EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gregor N. Neff on March 1, 2006.

The application has been amended as follows: claim 21 has been amended to read as follows:

21. A method for mounting two condiment container carousels atop one another for rotary operation together, said method comprising

(a) providing a first carousel with a base, a first central projection removably secured to said base, a condiment container holder rotatably mounted on said projection, and an upper locking structure on said holder for receiving a mating locking structure on the lower end of one of said projections,

(b) providing another one of said central projection with one of said condiment container holders rotatably mounted thereon,

(c) manually engaging the lower end of said other projection with said upper locking structure to lock said other projection to said container holder, and

in which each of said first and second central projections has a first rotary lock tab structure at its lower end, and each of said base and said container holder has a corresponding lock tab structure engageable with said first lock tab structure, and said manual engaging step

comprising thrusting said first rotary lock tab structure against said corresponding lock tab structure and rotating said other central projection relative to said holder.

Claim 22 has been canceled.
